Outstanding Public Service by an Individual

Juan Cabanela, Ph.D.

The American Association for Single People is pleased to present this award for Outstanding Public Service by an Individual to Juan Cabanela, Ph.D.

Elected representatives are more likely to be receptive to the concerns of Unmarried America when they receive letters or phone calls from their unmarried constituents asking them to support our campaign for equal rights.

Our website - www.unmarriedAmerica.org - is a source of information and education about these issues, including a wide range of matters which must be handled by the federal government. Therefore, it is important that our members, and visitors to our website, know how to contact specific members of Congress, especially those members who represent their own district in the House of Representatives or their state in the Senate.

We looked around to see if there was a free service available on the Internet which would help people identify their members of Congress and provide specific contact information. We were pleased when we found "Contact the Congress," an online directory for the 108th Congress. The site was developed by and is maintained by Juan Cabanela, an Assistant Professor of Physics and Astronomy at Saint Cloud State University.

We thank Professor Cabanela and his associates for this outstanding public service which we have been able to share with our members and visitors to our website who need assistance in contacting appropriate members of Congress on issues of concern to Unmarried America..
