Dear Mr. Coleman:

My judicial thesis is completed, approved and I have been conferred the Master of Judicial Studies degree. Indeed, without your cooperative effort in submitting research materials and information, it is unlikely that I would have been able to complete this ambitious undertaking. The topic and dissertation represents the cutting edge of family law and an important development under the New Jersey Prevention of Domestic Violence Act of 1991.

Thank you for your willing participation. Enclosed please find a copy of the thesis. I welcome any feedback and comments you and others may have. Furthermore, I am searching for a progressive law review to contact and offer its publication. If you have any suggestions or references, please let me know.

Very truly yours,
