Dear Tom,

I was impressed with your presentation for AASP last Friday, and the projected budget. Our Foundation is glad to know that the right of single people are finally being addressed nationally, and has our enthusiastic support.

We also feel that it is important for AASP to develop a support group in addition to membership. The major supporters should also be represented on your board. Until major financial support is developed, our Foundation will guarantee the monthly projected budget, and as support develops we will provide the difference between what is needed and what is raised, through December 2000, starting March 1, 1999. Our '99 contribution will include the money we have committed to Spectrum for this year, and the difference between what you raise from the budget projected. You will provide us copies of contribution checks, as well as a list of membership, and annual paid membership money will be put into a reserve account and invested.

If you are in agreement with the above please sign one copy and return for our files.

Regards,

Lloyd E. Rigler
President
